REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

As indicated in the previous office action, claims 9 and 10 are now allowable in independent form. New claim 25 recites the same ingredients as in claims 9 and 10, but in broader concentration ranges. However, no prior art suggests the precise combination of ingredients recited in claim 25. Thus, claim 25 is considered allowable, and all claims reciting the use of a composition comprising all the ingredients of claim 25 in the claimed amounts are also allowable. Moreover, because kit claims 48-50 require a composition comprising all the ingredients of claim 25, claims 48-50 are likewise allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Francisco C Prats whose telephone number is 571-272-0921. The examiner can normally be reached on Monday through Friday, with alternate Fridays off.
